

Mida Series

PRODUCT FEATURES

Height Adjustable Headrest

Height Adjustable Headrest is made of soft foam and fabric, provide good support when you recline to rest, relieve you after long time working in front of desk.

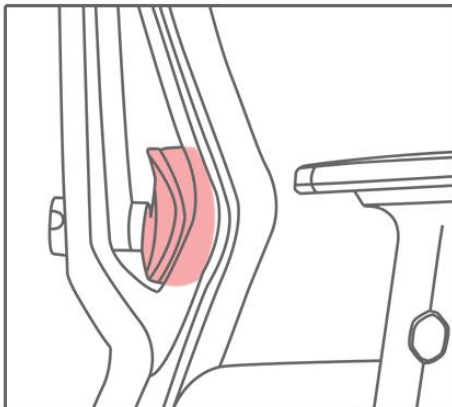

Backrest Design

The backrest Y-shaped design matches the spine line, fully supports the back, adjusts the sitting posture, helps release the pressure on the spine and shoulders, and makes sitting and reclining more comfortable.

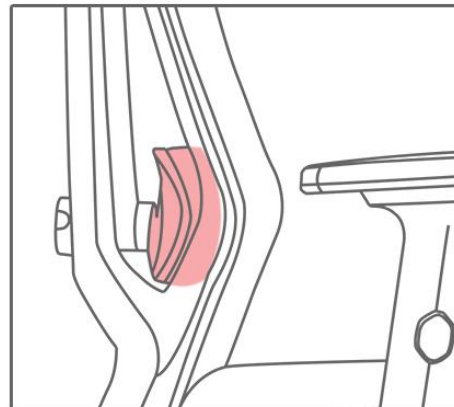

Adjustable Lumbar Support

The lumbar pillow can be adjusted up and down and front and back to make your lumbar spine more comfortable.

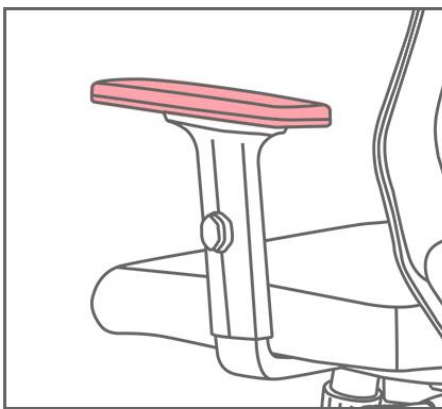

3cm front & back

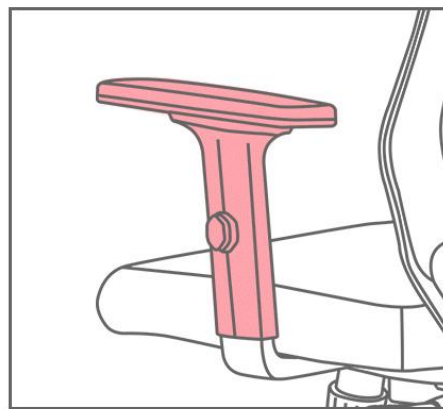

5cm up and down

Height And Depth Adjustable Armrest

2D armrests are for adjusting up and down, back and forth, releasing your arms and shoulders and maximizing the satisfaction of various needs.

1.Depth Adjustment

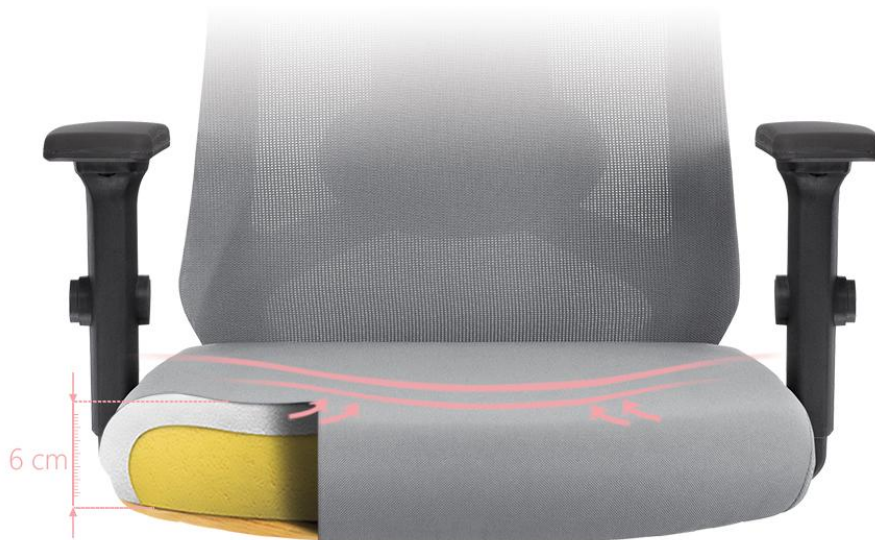

2.Height Adjustment

Seat Options

The cushion is made of high-density elastic foam that is comfortable and breathable, so it won't tip over even when sitting for a long time.

General Foam Seat:

Injection Foam Seat:

Back Tilt

The backrest supports a large 125° angle towards the back, so you can use it for your lunch break to relieve fatigue.

Tilt tension

- Rotate the knob under the seat to adjust the backward tightness.
- For firmer/stiffer ---turn clockwise.
- For softer/looser---turn counter clockwise.

Variable Position Tilt Lock

- Press down on the handle located on the left side of the seat to lock the back into position.
- Pull up the handle to unlock the back position.

Pneumatic Seat Height Adjustment

Pull up on lever located on the right side of the seat.

Lower or raise the seat to your desired height, then release the lever to lock the seat height.
