ABOUT US

ZHIXING FURNITURE CO., LTD., was established in 1986, located in Foshan city, Guangdong province, China. A professional company of manufacturing office furniture, which collects together R&D, production and sales. Up till now, the plant area has reached 40000 square meters and employees reached 300. The products is at a great variety of models, such as office chairs, office tables, school chairs, school tables, training chairs, auditorium chairs, office sofas. Our main markets: France, Spain, Brazil, Middle East and South East Asia. The products are well appreciated by our purchasers.

Our company consists of five major workshops, such as hardware workshop, wooden workshop, plastic workshop, painting workshop and product assembly workshop, which is the biggest modern, high-end and owing independent intellectual property rights of mesh chair manufacturing base in China. Thus, we can control quality strictly. We have achieved ISO9001 quality management system, ISO14001 environment management system and OHSAS18001, GB/28001, which fulfill humanized manufacturing mode, satisfy customers' requirements, create more competitive products.

Through 30 years development, we build mature producing system and design team. All these make sure that our products at sturdy construction and more structural disability. It also make sure that our factory has enough capability to accept custom-made products. We buy materials directly from factories, which make sure our products at reasonable price and stable quality.

For the above elements, our products is to win a high admiration and is widely trusted at home and abroad.

CONTENTS

HEALTHY
AND COMFORTABLE
OFFICE WORK

Wadi Chair

The ergonomic chair is based on the S-shaped bone structure of the human body, providing the necessary support and lift for the waist/ head/hip/thighs to create the ideal convex curve that conforms to your back. Decompresses the lumbar curve and gently lifts your thoracic spine for instant posture improvement.
